NOTICE OF MAXIMS OF LAW AS THE PROPER LAW OF THE AFFIDAVIT OF COMMERCIAL LIEN
(Exhibit 1)

19. The maxims of law of the Affidavit of Obligation Commercial Lien, Proper law defining the obligations of lien debtors were as follows:

All men and women know that the foundation of law and commerce exists in the telling of the truth, the whole truth, and nothing but the truth.

Truth as a valid statement of reality is sovereign in commerce.

An un rebutted affidavit stands as truth in commerce.

An un rebutted affidavit is acted upon as the judgement in commerce.

Guaranteed—All men shall have a remedy by the due course of law. If a remedy does not exist, or if the existing remedy has been subverted, then one may create a remedy for themselves and endow it with credibility by expressing it in their affidavit. (Ignorance of the law might be an excuse, but it is not a valid reason for the commission of a crime when the law is easily and readily available to anyone making a reasonable effort to study the law.)

All corporate government is based upon Commercial Affidavits, Commercial Contracts, Commercial Liens and Commercial Distresses, hence, governments cannot exercise the power to expunge commercial processes.

The Legitimate Political Power of a corporate entity is absolutely dependent upon its possession of Commercial Bonds against Public Hazard, because no Bond means no responsibility, means no power of Official signature, means no real corporate political power, means no privilege to operate statutes as the corporate vehicle.

The Corporate Legal Power is secondary to Commercial Guarantors. Case law is not a responsible substitute for a Bond.

Municipal corporations which include cities, counties, states and national governments have no commercial reality without bonding of the entity, its vehicle (statutes), and its effects (the execution of its rulings).

In commerce, it is a felony for the Officer of a Political/Public Office to not receive and report a Claim to Its Bonding Company, and it is a felony for the agent of a Bonding Company to not pay the Claim.

If a Bonding Company does not get a malfeasant public official prosecuted for criminal malpractice within sixty (60) days then it must pay the full face value of a defaulted Lien process (at 90 days)

Except for a Jury, it is also a fatal offense for any person, even a Judge, to impair or to expunge, without a Counter-Affidavit, any Affidavit or any commercial process based upon an Affidavit.

Judicial non-jury commercial judgments and orders originate from a limited liability entity called a municipal corporation, hence must be reinforced by a Commercial Affidavit and a Commercial Liability Bond.

A foreclosure by a summary judgment (non-jury) without a commercial bond is a violation of commercial law.

Governments cannot make unbonded rulings or statutes which control commerce, free enterprise citizens, or sole proprietorships without suspending commerce by a general declaration of martial law.

It is tax fraud to use Courts to settle a dispute/controversy which could be settled peacefully outside of or

IN REM PRIZE ADJUDICATION

without the Court.

An official (officer of the court, policeman, etc.) must demonstrate that he/she is individually bonded in order to use a summary process.

An official who impairs, debauches, voids or abridges an obligation of contract or the effect of a commercial lien without proper cause, becomes a lien debtor and his/her property becomes forfeited as the pledge to secure the lien. Pound breach (breach of impoundment) and rescue is a felony.

It is against the law for a Judge to summarily remove, dismiss, dissolve or diminish a Commercial Lien. Only the Lien Claimant or a Jury can dissolve a commercial lien.

Notice to agent is notice to principal; notice to principal is notice to agent.

PUBLIC HAZARD BONDING OF CORPORATE AGENTS All officials are required by federal, state, and municipal law to provide the name, address and telephone number of their public hazard and malpractice bonding company and the policy number of the bond and, if required, a copy of the policy describing the bonding coverage of their specific job performance. Failure to provide this information constitutes corporate and limited liability insurance fraud (15 USC) and is prim-a-facie evidence and grounds to impose a lien upon the official personally to secure their public oath and service of office.

ESTOPPEL BY ACQUIESCENCE

1^B**Allegations:**

Allegations arise from the conduct of Carmen M Yataco and Mike Regan acting as Personal Bankers and Manager for CITY BANK 1325 Broadway Oakland Ca 94612 on 7/10/14. The allegations that follow are recorded in "AFFIDAVIT OF TRUTH" on file with a notary public/recording agent CM#7008-0150-0002-8159-0998.

1. When Carmen got to an option on the computer were it asked to put in a Social Security Number, She proceeded to ask me to provide my SSN, Then Countered and replied, I don't have a SSN please give me a W-8 form .She then replied that without this disclosure of a SSN she couldn't open an account
2. She then asked what country am I from in which I replied, California, and said I am a California National, to which she said California is not a country and everyone has to have a SSN
3. When she showed me her screen and said she couldn't select the option N/A were it asked for a SSN, she the stated a list of options that she could select in which one was Non Resident Alien. I then asked her to select that option to avoid arguing about my foreign status, and asked for a W-8 form
4. I told her that I have opened an account before at the same branch and location without discloser of a SSN and claiming U.S. citizenship, to which she said there was no way possible that I did
5. Carmen Called over Mike, the manager, to the conversation between us, to which he as manager assured and backed up the opinion that I can't have or open an account without a SSN.
6. I Then Looked them both in the eyes and gave them notice that denying me their services for failure to disclose a SSN is in fact contrary to Title 42 USC sec.408 which states that to deny someone any right, privilege, or benefit under color of law for failure to disclose a SSN, is a felony and carries a fine
7. Carmen and Mike then stated that the Patriot 2 act doesn't let me open an account without disclosing a SSN, and that the W-8 form is only for foreigners only as she saw and knew a foreigner to be
8. I then asked them how does the Patriot 2 act Supersede the United States Code, to which no response was given, and I then gave them notice that their actions were contrary to title 42 as stated above, and their action in fact carried a fine that may be enforced, and to make sure they had notice and opportunity and fully understood they were denying me rights, privileges and benefits for failure to disclose a SSN I asked one last time to let me fill out a W-8 form that involves my liability of perjury
9. Carmen then got upset and threatened to report me to someone because I didn't disclose a SSN, with my private info (name, address, etc.) already disclosed to her from showing her my identification, to which I felt endangered, I then gave her notice that she should not threaten customers based on emotions.
10. I then ask once again that would they like to open me an account with a W-8, to which they said they can't help me, and asked if they wouldn't mind if I seek formal resolutions for the denial/damage, to which they agreed that I can. I then said to have a nice day

AFFIDAVIT OF TRUTH

This is a verified plain statement of truth

I, Jeremy Lafitte, depose and say the following: Jeremy Lafitte (hereafter I, me, or myself) on 7/10/2014 at about 1:25 P.M went into the CITI BANK branch located at 1325 Broadway Oakland, CA 94612 to open up a checking account. I was approached by Mike Regan, the manager, and asked if I needed help for that day. I then agreed and told him I would be interested in opening a checking account, in which he said he would be happy to assist me in availing that service. Mike Regan then Proceeded to have me have a seat until someone was able to assists me in my needs, and offered me a cup of water in which I said yes. About 10 min after waiting I was then approached by Carmen M. Yataco, a personal banker, in which she greeted me and offered to help with the service I was seeking for that day. We then sat down at a station and began talking about certain bank accounts and other services the bank had to offer. Carmen M. Yataco then asked me about my life and interest to which I proceeded to tell her about my studies of law and knowledge of banking. We talked about Securities, Investment accounts, Sweep account, etc. and she proceeded to tell me about her career as a banker, past law studies that she had completed in the past, her time working at San Quentin Prison doing appeals for death row inmates, and her student loan debt she had incurred in the past. We had a great conversation in which she also wrote down a movie she suggested I should watch pertaining to banking and a few web sites also to broaden my knowledge on banking and law. Simultaneously with the conversation and topics mentioned above she was suggesting I open a student account, due to its good function for a student as myself, in which I agreed, while she began to take down my name and address, when Carmen got to the option on her computer to put in a Social Security Number (SSN) she asked me what my SSN is. I then said I don't have a SSN please select option N/A and requested a W8 form. Carmen then began to have concerns as it were, and told me that without a SSN, she and the bank couldn't open an account for me. She then asked what county am I from, in which I replied California, and said I am a California national. Carmen then said every U.S. citizen has a SSN and California is not a country. I told her I don't claim U.S. citizenship and the United States only consisted of the 10 square miles of D.C that was ceded to it in the constitution, and that's when she showed me her screen and said she couldn't select the option N/A were it requested a SSN, but she did say the option Non Resident Alien was available, to which I asked her to just to select to avoid her option about my country being California, and requested a W8 form. Carmen then got upset as it were and gave her opinion about how California is not a country and that everyone she has worked with has to claim to be a U.S citizen with a SSN to open an account. I then told her I have opened an account before at the same branch with a W8 form not claiming U.S citizenship. She then testified that I am a U.S. citizen, I have a SSN, and I couldn't have a California I.D without giving a SSN, to which I told her I didn't disclose a SSN for the I.D neither, and then she stated I could have never opened an account without a SSN and that she needed to witness special foreign documents for her to see for me to be able to fill out a W8 form myself. Carmen then called over Mike to back up her position to which Mike agreed with all of her opinions. I then looked at them both in the eyes, stated and gave them notice that there insistences on forcing me to have and give a SSN to be able for them to avail myself of their services is in fact contrary to Title 42 USC Sec. 408, in which it is a felony and a fine of \$10,000.00 to deny someone of any right, Privilege, Or benefit under color of law for failure to disclose a SSN. Carmen then stated the

Patriot 2 act does not let her open accounts for failure to give certain info, and a W8 is only for foreigners, as her definition of foreigner appeared to be. I then asked how the Patriot 2 act supersedes Title 42 USC, to which no response was given. Mike and Carmen then said they can't and will not help me with anything and I gave one more notice of the violation that was happening, as it was contrary to Title 42, to make sure they agreed to what they were doing in denying me a bank account for failure to disclose a SSN. Carmen then got upset, threatened to report me for failure to disclose a SSN or withhold, and told me to go back to school because I'm obviously UN educated and also the people that were teaching me. I then told her she shouldn't threaten people for future reference and asked if they wouldn't mind me seeking formal resolutions. They still held their position of not opening an account with no SSN and said they don't mind and care what measures I took for the acts that were described above, after that I then left the branch and told them to have a nice day and nothing is personal just business.

I, Jeremy Lafitte, certify on my own commercial liability that I have read the above affidavit and do know the contents to be true, correct and complete, and not misleading, the truth, the whole truth, and nothing but the truth, and do believe the above described acts to have been committed contrary to law.
